

How to Fill Out an Otter Club/Teacher Check & Connect DPR

At the end of each class period (morning routine, reading, etc.), have a quick conversation with the student about his/her caring, safe, and responsible behavior. Circle the appropriate number to indicate the percentage of time that the student demonstrated each CSR behavior during that period. Keep the focus on the positive, but be honest with the student.

A good way to review with the student is to ask questions that refer to the goals, e.g. "Did you use kind words?" "Did you have control of your body?" "Did you follow directions?" This is an effort to help students develop the skills they need to self-monitor.

The point numbers reflect how independently the student demonstrated the CSR behavior goals

Put an X here if student got an SSF that day
