

5. Promoting PBIS with a restorative lens

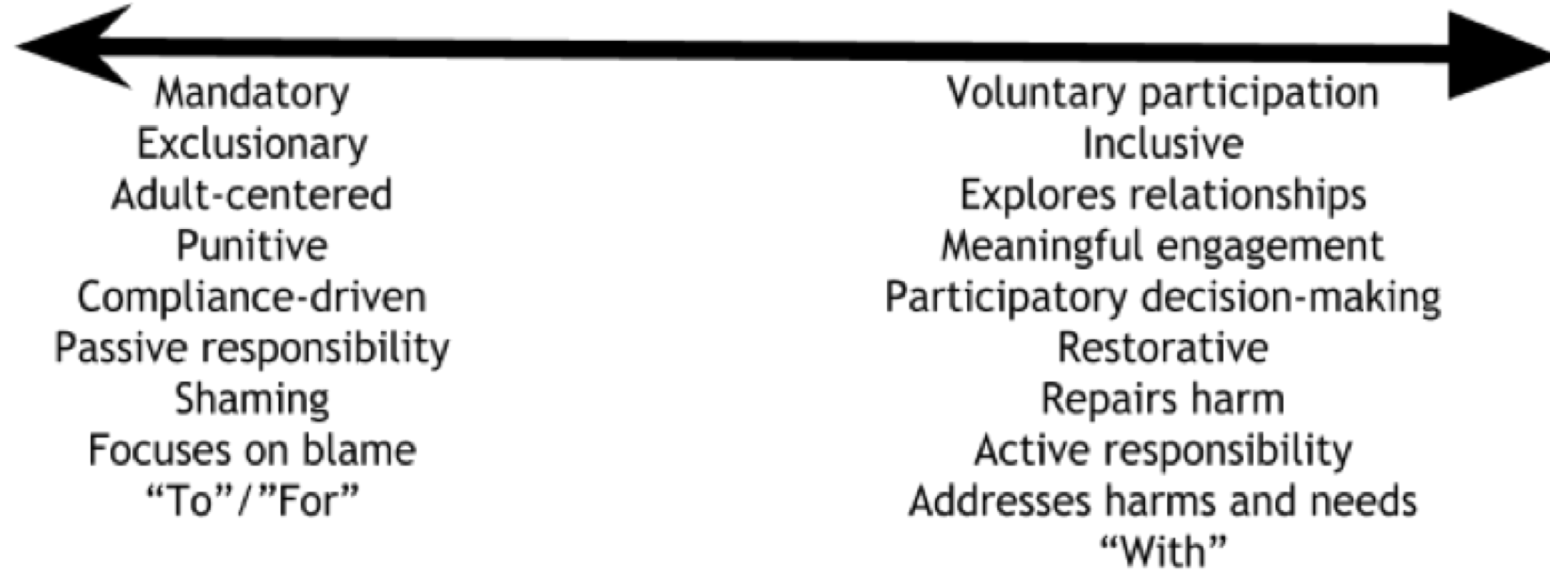

- Review the RP Principles and discuss how these principles are or are not aligned with your overall discipline system
- Make a list of your social/emotional/behavioral interventions and see where they fit along the “Mindset Shift Continuum”
- Discuss what you can do to shift the interventions toward the “doing with” side of the continuum

Consider the Restorative Mindset

The Restorative Approach is about:

- Voluntary Participation
- Exploring Relationships
- Meaningful Engagement
- Participatory Decision-Making

Continuum: Mindset Shift

What PBIS/SEL interventions do you have? Where are they on the continuum? How can you move more toward “doing with”?
